Skills

- **Languages**: C++, JavaScript, C, Java, Python
- **Frameworks**: HTML, CSS, Bootstrap, NodeJS, React, Django, SQLite, PostgreSQL, TailwindCSS
- **Tools/Platforms**: MySQL, MongoDB, Git, Github, VS Code, Jupyter notebook, Google Analytics
- **Soft Skills**: Problem-Solving, Team Player, Project Management, Adaptability

Projects

- **TweetShare – Social Microblogging Web Application** | **GitHub** | **Live** Mar 2025 – Apr 2025
  - **Objective:** The goal is to provide a secure full-stack social media application with more advanced user authentication and dynamic handling of media content.
  - **Action:** Developed the core app logic with Django—to include secure user registration/login and post creation—featuring strong ImageField manipulation for both profiles and content.
  - **Result:** Delivered a working data managed platform using database migrations and customising the Django Admin interface, providing evidence of scalable web development knowledge.
  - **Tech:** Django, SQLite, PostgreSQL, HTML, CSS, JavaScript.
- **TripEstimator – Web Application** | **GitHub** | **Live** Nov 2024 – Jan 2025
  - **Objective:** A progressive web app combined with a secure authentication function and chatbot to enhance direct communication and booking process.
  - **Action:** Designed the frontend with HTML, CSS & JS for highly responsive interface, implemented secure user authentication and chatbot for fast query resolution & fare calculation.
  - **Result:** Increased site speed and more efficient resource management through enhanced static and media file deployment that delivered an engaging, fast booking.
  - **Tech**: Django, SQLite, HTML, CSS, JavaScript, PostgreSQL, Chatbot Integration.
- **Smart Teacher Attendance System**| **GitHub** Sep 2025 – Oct 2025
  - **Objective:** To form an automatic attendance system that uses face recognition to record the presence of students in effective manner.
  - **Action:** To propose an automatic attendance system based on face recognition for marking student's attendance with less human effort and efficient.
  - **Result:** Automated the attendance system, reduced manual work and facilitated to monitor on course attendance data easily.
  - **Tech**: Python, Django, OpenCV, face-recognition, SQLite HTML and CSS.

Certificates

- Complete Interview Preparation - Self-Paced (C++) – GFG. | Certificate Jun 2025
- Cloud Computing – NPTEL (69%) | Certificate Oct 2025
- SQL(Advanced) Certification – HackerRank | Certificate Nov 2025

Achievements

- **Extensive LeetCode Practice Record:** Nov 2025
  Solved 300+ problems on LeetCode, demonstrating strong problem-solving and coding skills
- **Outstanding Rankings in Coding Challenges:** May 2025
  Consistently ranked among top performers in competitive programming challenges

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; **CGPA: 8.2** Since August 2023
- **Kendriya Vidyalaya** Lalganj, Raebareli
  Intermediate; **Percentage: 80%** April 2020 - March 2022
- **Kendriya Vidyalaya** Lalganj, Raebareli
  Matriculation; **Percentage: 79.4%** April 2018 - March 2020
